REASONS FOR ALLOWANCE

1. Claims 1 and 81-103 are allowed over the prior art of record.
2. Claims 2-80 have been cancelled.
3. The following is an examiner's statement of reasons for allowance: The Applicant arguments filed on 11/10/2006 with respect to claims 1 and 81-103 are persuasive. The feature of independent claims 1 and 92 directed towards allowable subject matter is the pixel gradation data processing of m bit input video data being converted into $2^{\text{sup.}(m-n)}$ pieces of subframes of n bit data for display of image within the same frame. (m and n are positive integers greater than or equal to 2, and $m > n$). New prior art of record, Saaiki 6459416, found in the updated teaches of a gradation bit conversation technique however fails to teach of the above mentioned feature. Therefore said feature of claims 1 and 92 in combination with the other limitations of the claims make them allowable over the prior art of record.
4. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
